

NOS Margin Notice 2008-05

16.04.2008

Margin review power products

NOS has carried out a review of margin parameters for the power derivatives. Since our last release of margins we have seen an increase in volatility. The risk intervals will be increased for the Nordic electricity contracts covering the three front months.

The changes will come into effect from end of business **Thursday 17th April 2008** for margins to be posted by **11.00 CET Friday 18th April**.

Any questions can be directed to NOS Clearing ASA:
