

TD19 AVAILABLE FOR CLEARING

Notice:	14/2011
Issued:	10th October 2011
Effective date:	10th October 2011
Affected products:	Freight: Tanker futures Products – adding new underlying route
Amendments effected:	Appendix 5 – Product Specifications

NOS is introducing the TD19 tanker route for clearing from today 10th October 2011. The contract will be traded in Worldscale points and settled against the arithmetic average of the Baltic Exchange TD19 spot price for every publication day of the contract month.

The new product is reflected in Appendix 5, Annex 5A, to the Rulebook of clearing with NOS Clearing ASA.

The amendments will take effect from 10th October 2011.
