<p style="text-align: center;">AMENDMENTS TO THE RULEBOOK FOR TRADING AT IMAREX AND CLEARING WITH NOS.</p>

Imarex and NOS have made amendments to the Rulebook and Appendix 5.

The changes are related to:

1. Changed settlement structure on two of the bunker fuel oil contracts. Due to late publication of the Index for NWE10FO and the RDM35FO contracts, the Final Settlement Day for these contracts is the first Trading Day following the Delivery Period. To reflect this change, the definition of "Final Settlement Day" in the Rulebook and Annex 5D in Appendix 5 is amended.
2. Imarex has extended the period for trading in month contracts for all products. The last trading day is changed from the 15th to the 20th of the month in question.

The material changes are only related to oil products. Members not trading oil products are not affected by the changes.

The amendments will take effect from 15th February 2006.
